

## Low Cost Spay / Neuter Program

Second Chance Companions (SCC) offers low cost Spay/Neuter for those who cannot or may not otherwise afford to have their pets spayed or neutered. It is important that an applicant is truthful about their ability to pay - if you are low income you qualify, but if you are not low income, please explain why you feel it necessary to ask for inclusion in this program. If you are having a financial hardship temporarily, we would rather help you get your pets spayed/neutered than to see them not get done. The reason for limiting the number of applications that we can process has to do with the fact that the partner veterinarians only give us a limited number of slots at a discounted rate per week, not because we don't want to help everyone!

**Please list additional animals on the back of this form with the same information as below on each animal.**
